Dear Mr Pierce

**Submission on the AEMC's consultation paper – National Electricity Amendment (Non-scheduled generation and load in central dispatch) Rule 2016**

AEMO welcomes the opportunity to provide a submission on the AEMC's consultation paper on the National Electricity Amendment (Non-scheduled generation and load in central dispatch) Rule 2016. Please find our submission attached.

AEMO is concerned with the number of related or overlapping proposals relating to central dispatch, integration of renewable energy, and energy settlement that are being addressed through independent consultations. For this reason, AEMO recommends a broad review of relevant aspects of the wholesale electricity market.

We have also provided comments on the specifics of this consultation. We would be pleased to provide further assistance to the AEMC regarding the matters highlighted. If you would like to discuss or have any questions regarding this submission, please do not hesitate to contact myself or Violette Mouchaileh, Group Manager Market Enhancement, on (03) 9609 8551.

Yours sincerely

Peter Geers  
**Executive General Manager, Markets**
