

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law as follows:

Under s 95, ENGIE (formerly GDF Suez Australian Energy) has requested the *Non-scheduled generation in central dispatch* proposal (Ref. ERC0203). The proposal seeks to lower the threshold at which non-intermittent generators are required to be scheduled for central dispatch.

Under s 93(1)(a), the *Demand side obligations to bid into central dispatch* (Ref. ERC0189) request proposed by Snowy Hydro Limited has been consolidated with the *Non-scheduled generation in central dispatch* request. The consolidated request is named *Non-scheduled generation and load in central dispatch* (Ref. ERC0203). Submissions on the consolidated request must be received by **19 May 2016**.

Submissions can be made via the AEMC's website. Before making a submission, please review the AEMC's privacy statement on its website. Submissions should be made in accordance with the AEMC's *guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website, subject to confidentiality. Written requests should be sent to submissions@aemc.gov.au and cite the reference in the title. Before sending a request, please review the AEMC's privacy statement on its website. Documents referred to above are available on the AEMC's website and are available for inspection at the AEMC's office.
