

## Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law as follows:

Under s 95, AEMO has requested the *Reporting of aggregate generation capacity for MT PASA* (Ref. ERC0232) proposal. The proposal seeks to amend the National Electricity Rules to remove the requirement to consider network constraints when publishing aggregate generation capacity for each region in MT PASA. The AEMC intends to expedite the proposal under s 96 as it considers the proposed Rule is non-controversial, subject to requests not to do so. Written requests not to expedite the proposal must be received by **26 April 2018**. Submissions must be received by **10 May 2018**.

Submissions can be made via the AEMC's website. Before making a submission, please review the AEMC's privacy statement on its website. Submissions should be made in accordance with the AEMC's *Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website, subject to confidentiality.

Written requests should be sent to [submissions@aemc.gov.au](mailto:submissions@aemc.gov.au) and cite the reference in the title. Before sending a request, please review the AEMC's privacy statement on its website.

Documents referred to above are available on the AEMC's website and are available for inspection at the AEMC's office.
