Dear Mr Williams

### **Exemption Application – Agnew Gas Pipeline (PL120)**

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Agnew Gas Pipeline (PL120) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant a Category 2 (exemption from the obligation to publish information under Division 2) exemption for the Agnew Gas Pipeline. The exemption is valid from 1 July 2019 for five years and expires on 1 July 2024.

This exemption may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules* as applied in Western Australia.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The Agnew Gas Pipeline must still comply with all other provisions in the *National Gas Rules (WA)* not covered by this exemption.

The ERA must establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900, if you have any questions on this matter.

Yours sincerely
