

Notice under National Electricity Law

Notice of Initiation of Rule Change Request

Notice of extension of draft determination

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law as follows:

Under s 95, the Australian Energy Council has requested the *Efficient provision of inertia* (Ref. ERC0339) proposal. The proposal seeks to introduce an ancillary services spot-market for inertia as the long-term arrangement for inertia in the context of the energy transition and declining system inertia. Submissions must be received by **Friday, 31 March 2023**.

Under s 107, the time for making the draft determination on the *Efficient provision of inertia* (Ref. ERC0339) proposal has been extended to **29 February 2024**.

Submissions can be made via the [AEMC's website](#). Before making a submission, please review the AEMC's [privacy statement](#) on its website, and consider the AEMC's [Tips for making a submission](#). The AEMC publishes all submissions on its website, subject to confidentiality.

Documents referred to above are available on the AEMC's website and are available for inspection at the AEMC's office.
