Dear Australian Energy Market Commission,

SUBMISSION – UNLOCKING CER BENEFITS THROUGH FLEXIBLE TRADING

Wollondilly Shire Council's mission is to create opportunities in partnership with the community and to enhance quality of life and the environment, by managing growth and providing sustainable services and facilities.

Our organisation supports the IPWEA submission on Minor Energy Flow Metering. We agree that there is a strong case to make changes to the metering regime in the National Electricity Market that would recognise the metering data being produced by devices such as smart street lighting controls and other small electrical devices in the public domain.

Wollondilly Shire Council encourage both the AEMC and AEMO to make changes in this area that would introduce a straightforward and cost-effective approach to the metering of street lighting and other similar devices in the public domain.

Please contact Mike Nelson - mike.nelson@wollondilly.nsw.gov.au

Yours faithfully,

Mike Nelson
