Dear Mr Marshall

Exemption application – Broome Natural Gas Pipeline (PL 72)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Broome Natural Gas Pipeline (PL 72) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 1, 2 and 3 exemptions for the Broome Natural Gas Pipeline. The exemptions are valid from 3 August 2023 to 31 December 2028.

Broome Natural Gas Pipeline is exempt from the operation of Division 3 and Division 4 and obligation to publish information under Division 2 of Part 23 of the *National Gas Rules (WA)*.

The exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

EDL NGD (WA) Pty Ltd must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

Steve Edwell
Chair
