

Formal commencement of claim

Ref. CRP0146

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Rules (NER) as follows:

On 22 June 2023, the AEMC received notification of a claim for compensation under clause 3.14.6 from EnergyAustralia Ecogen Pty Ltd following the application of the administered price cap during an administered price period in Queensland, New South Wales and Victoria between 12 June and 15 June 2022.

EnergyAustralia Ecogen Pty Ltd is claiming compensation for direct costs incurred in operating its Newport Power Station and Jeeralang Power Station during the administered price period.

EnergyAustralia Ecogen Pty Ltd is also claiming compensation for opportunity costs incurred in operating its Newport Power Station and Jeeralang Power Station during the administered price period. As a result, the claim is not a direct cost only claim. EnergyAustralia Ecogen Pty Ltd provided information in support of its claim on 3 November 2023.

The AEMC is reasonably satisfied that it has sufficient information from EnergyAustralia Ecogen Pty Ltd to assess the claim and has now commenced formal assessment of the claim. The timeframes provided in clauses 3.14.6(o) to (u) of the NER will now apply to this claim for compensation.
