

Formal commencement of claim

Ref. CRP0148

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Rules (NER) as follows:

On 23 June 2022, the AEMC received notification of a claim for compensation under clause 3.14.6 from EnergyAustralia Pty Ltd following the application of the administered price cap during an administered price period in Queensland between 12 June 2022 and 13 June 2022.

EnergyAustralia Pty Ltd is claiming compensation for opportunity costs only incurred in operating Mount Piper Power Station during the administered price period. As a result, the claim is not a direct costs only claim.

EnergyAustralia Pty Ltd provided information in support of its claim on 28 September 2023.

The AEMC is reasonably satisfied that it has sufficient information from EnergyAustralia Pty Ltd to assess the claim and has now commenced formal assessment of the claim. The timeframes provided in clauses 3.14.6(o) to (u) of the NER will now apply to this claim for compensation.
