Dear [REDACTED],

**Re: Part 10 exemptions – DLNG to PWC Pipeline (Upstream Component)  
and DLNG to PWC Pipeline (Downstream Component)**

I refer to your Category 1 Part 10 exemption applications received by the AER on 9 May 2024 for the:

- DLNG to PWC Pipeline (Upstream Component)
- DLNG to PWC Pipeline (Downstream Component)

Pursuant to the delegation given to me by the AER Board, I have assessed the applications and supporting information and have determined to grant exemptions under Category 1 of Part 10 of the National Gas Rules (NGR). These exemptions are valid for 5 years from the date of this letter i.e., 23 August 2029.

As required by NGR rule 102(7), please notify the AER if circumstances change such that the pipelines no longer qualify for the exemptions.

Rule 102(6) requires the AER to maintain a public register of Part 10 exemptions. Barring personal information, details in your submitted Part 10 application forms and responses in your emails may be published on the register along with this response.

Please contact [REDACTED] if we can assist further.

Yours sincerely

[REDACTED]
