Dear Mr Grealy

Exemption Application – Plutonic Lateral Pipeline (Delivery – Plutonic DS) (PL 35)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Plutonic Lateral Pipeline (Delivery – Plutonic DS) (PL 35) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 1 and 2 exemptions (exemption from access requests and negotiations under Division 3, arbitration of access disputes under Division 4, and information disclosure under Division 2) for the Plutonic Lateral Pipeline (Delivery – Plutonic DS) (PL 35). The exemptions are valid from 4 July 2022 and expire on 4 July 2027.

These exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for an exemption granted.

The Plutonic Lateral Pipeline (Delivery – Plutonic DS) (PL 35) must still comply with all other provisions in the *National Gas Rules (WA)* not covered by this exemption.

The ERA must establish, publish, and maintain a register of exemptions. Your application (public version) will be published on the ERA's [website](#)

Yours sincerely

[REDACTED]

Steve Edwell
Chair
