Dear Mr Andric,

Exemption application – Cape Lambert Gas Lateral Pipeline (PL 8 & PL 106)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Cape Lambert Gas Lateral Pipeline (PL 8 & 106) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 1 and 2 exemptions for the Cape Lambert Gas Lateral Pipeline. The exemptions are valid from 17 November 2023 to 31 December 2028.

Cape Lambert Gas Lateral Pipeline is exempt from the operation of Division 3 and Division 4 and obligation to publish information under Division 2 of Part 23 of the *National Gas Rules (WA)*.

The exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

Robe River Mining Co Pty Ltd must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely
