

## **SCER advice on differences between actual and forecast demand in network regulation**

### **Agenda for workshop**

**28 February 2013**  
**Marriott Hotel, corner Exhibition & Lonsdale Streets**  
**Melbourne Victoria**

The AEMC is holding a workshop as part of preparing its advice to the Standing Council of Energy and Resources (SCER) request for advice on the differences between actual and forecast demand in network regulation.

The purpose of this workshop is to explore some of the key issues that the AEMC is considering in its advice to SCER. The agenda for the workshop follows in the table below. To aid the discussions at the workshop, a short paper has been prepared for stakeholders that highlights areas that the AEMC would like to explore with stakeholders. The workshop discussion paper is available on the AEMC's website.
