

Dr John Tamblyn  
Chairman  
Australian Energy Market Commission  
PO Box 2449  
Sydney South NSW 1235

Dear John,

**Causer Pays for Ancillary Services to Control the  
Tasmanian Frequency – ERC0082**

Please find attached Aurora Energy's submission to the Consultation Process for the National Electricity Amendment on Hydro Tasmania's rule change proposal titled "Causer Pays for Ancillary Services to Control the Tasmanian Frequency".

Overall, Aurora Energy believes that if it were to go ahead this rule change proposal would result in outcomes that do not progress the National Electricity Objective (NEO) and in fact run counter to it. Consequently Aurora Energy as a national market customer and consumer representative opposes the rule change proposal and recommends that no derogation be made.

Details to support this position can be found in the attached submission. For further details, please do not hesitate to contact Dean Delaney on (03) 6237 3597 in the first instance.

Thank you for the opportunity to make this submission,

Yours sincerely

Dr Peter Davis  
Chief Executive Officer
