

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law of the following matters.

Under sections 102 and 103, the making of the *National Electricity Amendment (Ramp Rates, Market Ancillary Service Offers, and Dispatch Inflexibility) Rule 2009 No. 1* and related final determination. All provisions commence on **31 March 2009**.

Under section 95, NEMMCO has requested the making of the proposed *National Electricity Amendment (Removal of Performance Standard for Identifying Manifestly Incorrect Inputs) Rule 2009* (Project No. ERC0081). The proposal seeks to remove the performance standard required by clause 3.9.2B of the Rules for identifying dispatch intervals that have been affected by manifestly incorrect input. The AEMC intends to expedite the making of the proposed Rule under section 96 on the grounds that the proposed Rule is non-controversial, subject to the receipt of written objections.

In relation to the proposal:

- written objections must be received by **30 January 2009**;
- submissions must be received by **13 February 2009**; and
- written objections and submissions may be forwarded to submissions@aemc.gov.au and must cite the Project No. in its title.

Submissions should be submitted in accordance with the *AEMC's Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website subject to a claim of confidentiality.

Further details on the above matters are available on the AEMC's website www.aemc.gov.au. All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.
