

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law of the following matters.

Under section 95, the Major Energy Users Inc. has requested the proposed *Potential Generator Market Power in the NEM Rule* (Project Ref. ERC0123). The proposal seeks to require the Australian Energy Regulator to assess which generators have market power and declare them to be 'dominant generators'. Under the proposal, new restrictions would apply to the wholesale market dispatch offers that could be submitted by a 'dominant generator'. Submissions must be received by **26 May 2011**.

Under section 107, the period of time for the making of the draft Rule determination on the *Potential Generator Market Power in the NEM Rule* proposal has been extended to **30 April 2012**.

Under section 99, the making of a draft determination and draft *National Electricity Amendment (Application of Dual Marginal Loss Factors) Rule 2011* (Project Ref. ERC0117). In relation to the draft determination:

- requests for a pre-determination hearing must be received by **21 April 2011**;
- submissions must be received by **26 May 2011**; and
- requests for a hearing should be forwarded to submissions@aemc.gov.au and must cite the Project Ref. in its title.

Under section 43(1), the AEMC gives notice that the Ministerial Council on Energy has provided a direction to the AEMC to undertake the Stage 3 Demand Side Participation Review in the National Electricity Market.

Submissions can be lodged online via the AEMC's website at www.aemc.gov.au. Before lodging your submission, you must review the AEMC's privacy collection statement on its website.

Submissions should be made in accordance with the *AEMC's Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website

All documents in relation to the above matters are published on the AEMC's website and are available for inspection at the offices of the AEMC.
