Dear Dr Tamblyn

### **CONGESTION MANAGEMENT REVIEW DRAFT REPORT – SUBMISSION TIMING**

I write on behalf of a number of Queensland power businesses in response to the AEMC's request that interested parties make submissions on the Congestion Management Review (CMR) draft report by 9 November 2007. CS Energy Limited, Queensland Power Trading Corporation (trading as Enertrade), InterGen (Australia) Pty Ltd, NewGen Power Pty Ltd, Stanwell Corporation Limited and Tarong Energy Corporation Ltd would be grateful for more time than proposed by the Commission to assess the draft report.

The grounds for the requested extension are that, first, this is the first opportunity for stakeholders to provide feedback on analysis and recommendations, and, second, the draft report contains new ideas and material which interested parties need a longer period of time to assess. An extension of time is likely to elicit more considered submissions in response to the draft report and so assist the Commission's work.

Given those grounds, these businesses request the Commission to extend the due date for submissions to 7 December 2007 as also requested by the National Generators' Forum. Consideration of this request at your earliest convenience would be greatly appreciated.

Please do not hesitate to contact me on (07) 3001 7126 if you wish to discuss this matter.

Yours sincerely

Don Woodrow
