

AEMC Reliability Panel

Consultation on the Panel's review of the performance of the National Electricity Market during 2007-08

The Panel has commenced its annual review of the performance of the National Electricity Market for the 2007-08 year. The review focuses on the performance of the market in terms of reliability of the power system and the power system security and reliability standards.

The Panel is preparing a draft report of its review and plans to release this draft report on approximately **Friday 24 October 2008**.

The Panel will make a presentation on this draft report, and provide an opportunity for comments and questions, at the National Electricity Market Forum on **Thursday 30 October 2008**. The Panel anticipates that the forum will be video linked to the state capitals of the NEM participating jurisdictions.
