Reliability Panel's Review of Template for Generator Compliance Programs Public Meeting Notice

Under the National Electricity Rules the Reliability Panel is required to undertake periodic reviews of the template for generator compliance programs. The Panel received terms of reference from the Australian Energy Market Commission (AEMC) in November 2011 for a review of the template to be completed by July 2012. The Panel will be publishing the draft report on this review by **30 March 2012**.

The Panel will make a presentation on this review, and provide an opportunity for comments and questions, at a public meeting to be held at the AEMC office in **Sydney** on **Wednesday, 16 May 2012**.

Information on the public meeting, including the registration process, will be advertised on our website with the publication of the draft report later in March 2012.

For further information on this review please contact Anita Lai at the AEMC on (02) 8296 7800 or panel@aemc.gov.au.
