

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matter.

Under section 95, the Reliability Panel has requested the making of the proposed *National Electricity Amendment (NEM Reliability Settings: Information, Safety Net and Directions) Rule 2008*. The proposal seeks to extend the reserve trader arrangements and NEMMCO's power to issue reliability directions. It also proposes new information resources in relation to energy adequacy and load.

The AEMC has decided to fast track this Rule change request under section 96A of the NEL.

Further details on the above matter are available on the AEMC's website www.aemc.gov.au. All documents in relation to the above matter are published on the AEMC's website and are available for inspection at the offices of the AEMC.
