

Notice under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law of the following matters.

Under section 107, the period of time for the making of the draft determination on the proposed *National Electricity Amendment (Transmission Network Prices Publication Date) Rule 2008* has been extended to **20 November 2008**.

Under section 99, the making of a draft determination and draft *National Electricity Amendment (Queensland Generator Technical Performance Standards Derogations) Rule 2008* (Project No. ERC0070). In relation to the draft determination:

- requests for a pre-determination hearing must be received by **23 October 2008**; and
- submissions must be received by **28 November 2008**.

Under sections 95 and 96, the AEMC intends to expedite the making of the following proposed Rules on the grounds that they are non-controversial, subject to the receipt of written objections:

- SP Ausnet has requested the making of the proposed *National Electricity Amendment (Easement Land Tax Pass Through) Rule 2008* (Project No. ERC0072). The proposal seeks to ensure that SP Ausnet is able to recover the actual costs of easement land taxes in Victoria;
- NEMMCO has requested the making of the proposed *National Electricity Amendment (Preservation of Prudential Margin Through Call Notices) Rule 2008* (Project No. ERC0073). The proposal seeks to address a perceived anomaly relating to clause 3.3.11(a)(2) of the Rules; and
- NEMMCO has requested the making of the proposed *National Electricity Amendment (Clarification of Market Information Requirements for Market Ancillary Services) Rule 2008* (Project No. ERC0074). The proposal seeks that NEMMCO provide daily forecasts of the requirements for each type of market ancillary service, instead of weekly.
- Written objections must be received by **31 October 2008**; and
- submissions must be received by **14 November 2008**.

Requests for a hearing, written objections and submissions may be forwarded to submissions@aemc.gov.au and must cite the Project No. in its title.

Submissions should be submitted in accordance with the *AEMC's Guidelines for making written submissions on Rule change proposals*. The AEMC publishes all submissions on its website subject to a claim of confidentiality.

Further details on the above matters are available on the AEMC's website www.aemc.gov.au. All documents in relation to the above matters are published on the AEMC's website and are

available for inspection at the offices of the AEMC.
