Subject: Hearing Request

Attention:

John Tamblyn
Chairman
AMEC

Dear Sir;

Australia Power and Gas requests a Hearing regarding the recent draft rule change determination concerning Future Offset Arrangements. We believe the AEMC may not have given enough consideration of the economic costs of lack of competition within the reallocation market as significant enough to warrant a more timely implementation of FOAs.

Please direct any correspondence regarding this request to me directly at the contact details below.

Regards,

James Myatt | Chief Executive Officer
